# UNFOLDING THE SLONE STORY

## 26 YEARS OF TRUSTED INNOVATION

Slone Infosystems Limited traces its origins back to 1999, when our visionary Managing Director and Promoter, Mr. Rajesh Srichand Khanna, laid the foundation through his sole proprietorship, M/s SAM Computers. The firm was established with a focus on delivering reliable IT hardware solutions and building long-term client relationships.

With a vision to scale operations under a structured corporate framework, the business was formally incorporated as Slone Infosystems Private Limited on **December 29, 2022**, transitioning all operations from the proprietorship to the new entity.

Continuing on its growth trajectory, the company was converted into a public limited company in 2023, marking another pivotal step in its evolution. This transformation reached a major milestone on May 10, 2024, when Slone Infosystems Limited successfully launched its Initial Public Offering (IPO) and was listed on the EMERGE Platform of the National Stock Exchange of India Limited (NSE)—a testament to its strong foundation, sustained performance, and future-focused vision.

For over two decades, Slone Infosystems Limited has consistently demonstrated a commitment to innovation,

integrity, and excellence in the evolving world of information technology. Established with a clear vision to bridge the gap between dynamic business needs and dependable IT solutions, Slone has grown into a trusted technology partner for organizations across industries.

From its inception, Slone recognized that technology is more than infrastructure—it is a catalyst for transformation. Over the past 26 years, the company has expanded its offerings from IT hardware solutions to a comprehensive suite of services including cloud server management, IT infrastructure support, and advanced technologies such as artificial intelligence, robotics, and 3D printing.

Our evolution is defined by our ability to adapt to market changes, anticipate client needs, and maintain unwavering focus on delivering measurable value. Whether enabling enterprise-scale deployments

or offering flexible IT rentals, our approach is rooted in precision, performance, and partnership.

Slone's consistent growth is underpinned by key differentiators—ISO 9001:2015 certification, 24x7 customer support, a client satisfaction rate of 100%, and strong relationships built on trust and transparency. With each project, we reaffirm our promise to not only deliver reliable solutions, but to become strategic enablers in our clients' digital journeys.

As we reflect on 26 years of service excellence, we stand ready to embrace the next chapter with enhanced capabilities, a future-focused mindset, and a continued commitment to elevating IT solutions beyond innovation.

#### • RISKS AND CONCERNS

As an IT rental company, your business faces several risks and concerns that can impact operations, profitability, and reputation. Here's an overview of the major ones:

##### 1. Technology Obsolescence:

- **Rapid Depreciation:** IT equipment tends to lose value quickly as new technology is released. If a company holds onto inventory for too long, it may become obsolete and harder to sell, leading to potential losses.
- **Changing Customer Preferences:** As new products and innovations hit the market, customer demand can shift rapidly, making it difficult to predict what inventory will be in demand.

##### 2. Market Competition:

- **Intense Competition:** The IT trading market is competitive, with numerous companies vying for customers. This can lead to price wars, which can squeeze profit margins.
- **New Entrants:** The barrier to entry is relatively low in some segments of IT trading, leading to the constant threat of new competitors entering the market.

##### 3. Supply Chain Disruptions:

- **Supplier Reliability:** Dependence on a few key suppliers can be risky if they face production delays, quality issues, or financial problems. This can disrupt your supply chain and delay your ability to fulfill customer orders.
- **Global Events:** Events like natural disasters, political instability, or pandemics can disrupt the global supply chain, making it harder to source IT equipment.

##### 4. Regulatory Risks:

- **Environmental Regulations:** Stricter laws on electronic waste (e-waste) disposal and sustainability could increase operational costs, especially if the company deals with large volumes of outdated equipment.

##### 5. Environmental and Ethical Risks:

- **E-Waste Disposal:** Improper disposal of electronic waste can lead to legal penalties and harm the environment. Companies must ensure they follow proper e-waste disposal protocols.
- **Ethical Sourcing:** There is increasing scrutiny on where and how IT equipment is sourced. Trading in equipment that was manufactured under unethical conditions can lead to reputational damage.

##### 6. Legal and Contractual Risks:

- **Contract Disputes:** Misunderstandings or disagreements with suppliers or customers over contract terms can lead to costly legal disputes.
- **Intellectual Property:** Selling counterfeit or unauthorized IT products can lead to legal action from original manufacturers.

#### Conclusion

Managing these risks requires careful planning, strong operational controls, and a proactive approach to compliance and customer service. Companies that effectively mitigate these risks can better protect their business and ensure long-term success in the IT trading industry.

Addressing these risks through robust risk management strategies, insurance, and operational best practices is essential for sustaining and growing your business.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Accounting Standards prescribed under section 133 of the Act read with the Companies (Accounting Standards) Rules, 2021, and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2025, and its profit for the year ended on that date.

### Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

### Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors' is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

### Responsibility of Management for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, (changes in equity) and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the company's financial reporting process.

#### **Auditor's Responsibility for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

#### **Report on Other Legal and Regulatory Requirements**

## Annexure - B to the Auditors' Report

### Annexure B to the Independent Auditor's Report of even date on financial statement of M/s Slone Infosystems Limited

#### Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **M/s Slone Infosystems Limited** ("the Company") as of 31<sup>st</sup> March 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

#### Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI').

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India.

Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls Over Financial Reporting** Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31<sup>st</sup> March 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

During the FY 2024-25 The company has issued under SME Initial Public Offerings (IPO) 14,00,000 Equity Shares of Rs. 10/- each at a premium of Rs.69/- per share.

#### b) Basis of preparation of Financial statements:

#### c) Use of Estimates:

The preparation of the financial statements in conformity with Indian GAAP requires the management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise.

#### d) Revenue Recognition:

Revenue (income) is recognised when no significant uncertainty as to determination and realisation exists.

Revenue from sale of services is recognized by raising invoices on ensuring that all significant contractual obligations have been satisfied. The sale value is recognized exclusive of GST and such other levies.

#### e) Property, Plant and Equipment:

Property, Plant and Equipment are stated at the cost of acquisition less accumulated depreciation, amortization, and impairment loss, if any. Property, Plant and Equipment are accounted at cost of acquisition inclusive of inward freight, duties, taxes and other incidental expenses related to acquisition and installation of fixed assets incurred to bring the assets to their working condition for their intended use.

#### f) Intangible Assets:

Intangible assets are stated at their cost of acquisition or internal generation, less accumulated amortisation and accumulated impairment losses thereon. An intangible asset is recognized, where it is probable that the future economic benefits attributable to the asset will flow to the enterprise and where its cost can be reliably measured.

#### g) Depreciation / Amortization:

Depreciation on Property, Plant & Equipment is provided to the extent of depreciable amount on the Straight Line Method (SLM), based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013.

#### h) Impairment of assets:

Assessment is done at each Balance Sheet date as to whether there is any indication that an asset (tangible and intangible) may be impaired. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets, is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the asset / cash generating unit is made. Assets whose carrying value exceeds their recoverable amount are written down to the recoverable amount. Recoverable amount is higher of an asset's or cash generating unit's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. Assessment is also done at each Balance Sheet date as to whether there is any indication that an impairment loss recognized for an asset in prior accounting periods may no longer exist or may have decreased..

Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date and are not discounted to its present value.
